2012 Topics/Issues:

- A personal e-mail invitation has been sent to all the 2012 GP committee members
- 2012-2013 Graduate and Professional Loan Limits Reference Available (see attached)
- Graduate Students are no longer eligible for Subsidized loans
- Governor's proposed elimination of the loan assumptions for nurses and teachers programs (approx. \$6.1 million). Not only will there be the elimination of any new loan assumption agreements, but the elimination also takes away the loan assumption payments of students and teachers who have already signed an agreement with the Commission, and who may have even provided their first year of teaching/nursing service, but who won't be eligible for their first payment until after June 30, 2012. Currently, trying to get students who benefit from this program to give testimonies. (More details to come)
