This session starts where those leave off. Rather than re-covering the regulatory basics, OB3 Across the University focuses on the harder question institutions are facing next: how to govern the response as a cross-functional effort across financial aid, IT, and enrollment, instead of leaving it to one office to solve alone. It's built for financial aid directors, IT and student information systems leaders, and enrollment management leadership who need to move from compliance to execution.              | <a href="https://events.teams.microsoft.com/event/bd328628-caao-44f7-bf3c-ca818ada629c@52396626-9694-4c25-b1ae-f626c756cc35">https://events.teams.microsoft.com/event/bd328628-caao-44f7-bf3c-ca818ada629c@52396626-9694-4c25-b1ae-f626c756cc35</a>                           | Huron Consulting Group                   |                    |
| Mapping Through Student Loan Repayment Plans                                            | 8/6/26  | 12:00 PM   | It's common for student loan borrowers to experience sticker shock when they receive notice of their first monthly payment amount. For some, avoiding payments seems easier than asking for help—but avoiding their obligation can cost more money and lead to damaging consequences. The reality is borrowers are not stuck with the first monthly payment amount. Federal student loans have more options for repayment than any other type of debt. Attend this important session to help your borrowers map through student loan repayment.                                                                                    | <a href="https://www.attigo.com/mapping-through-student-loan-repayment-plans-augusto6">https://www.attigo.com/mapping-through-student-loan-repayment-plans-augusto6</a>                                                                                                       | Attigo by Ascendium                      |                    |
